‘7 things to consider when choosing an entertainer...’

You want the best for your guests ... You want an entertainer who creates atmosphere, loads of laughter and has personality plus! Who makes your event one of a kind....

But all too often I hear about entertainers who didn't present well, weren't organised or didn't even keep the guests entertained.

We understand how important it is to have a GREAT entertainer, so to help you choose the right one we've used our experience to put this

“We just wanted to thank you for giving Sasha the birthday party she has dreamed of. She really believes in you! It was a truly wonderful party and you are so professional and we wanted to thank you for the memories that will last forever”. - Lisa, Benowa

guide together!

1. Is the entertainer experienced & passionate ...

Many entertainers aren't experienced in what they do and only entertain as a hobby. An experienced entertainer is always your best option, as they will have great experience and a shared interest in making your event the best it can be.

When you speak to someone on the phone you can usually get an idea if they love the job they do. And if they're happy, enthusiastic, helpful and sound passionate about their job!

We have over 10 years experience and have attended 100's of parties and events. And we

perform every Friday and Saturday night at Taverns around the Coast. We love what we do with a passion and this shines through in every performance we do.

2. Determine your budget & make sure you get what you pay for ...

I suggest that you do not shop for an entertainer based on price alone. The price of a good entertainer generally reflects the quality of the services they offer.

If you hire someone because of their “great price” but they end up putting the kids to sleep, you've actually overpaid. As with most things in life, “good” and “cheap” don't usually go together.

**"Thank you so much for the party yesterday. You were amazing, over-delivered, way above and beyond. Something that is very rare these days!!
The service you offer is absolutely wonderful! Lilly absolutely loved everything about her party, especially YOU!" - Deb & Lilly, Carrara**

3. Do they appear professional & polished ...

Can you see a picture of the performer/s that will be attending your event?

Is their costume and presentation suitable and professional? Are they helpful and polite in their phone manner?

- Our Entertainers have fabulous costumes and top notch presentation.

We pride ourselves in making sure we ARE Fabulous. From the Sparkling Tiara, jewellery, wings and beautiful dress right down to our glittery shoes ... we believe we are fairies! Or Pirates, clowns or any character we come as!

Presentation makes the kids truly believe!

Funtabulous Parties staff are professional, polite, approachable, respectful and always encouraging a positive influence on their audience.

4. Are they good with children as well as adults ...

Not all entertainers truly understand how to entertain young audiences.

An entertainer whose experience involves mostly working with adults is less likely to be able to hold the attention of young ones for 5 mins, let alone 30 minutes.

Choose an entertainer who is animated, full of life and enjoys working with children. Do they engage with the children (and adults) and not just sit around with not much of a personality?

- Our staff attend regular training on all aspects of entertaining from how to perform, entertainment skills such as magic, balloon twisting, face painting etc, handling difficult situations and are appraised every three months on these aspects.

Many of our staff have children of their own and this alone brings another dimension in performing with children.

5. Does the entertainer have a website ...

Do they have a current website to view? Is it professional and does it supply all of the information you need to help you make a decision if they are a company you would like to have at your event?

Are their reviews and current photos to help you determine if they are right for your party?

6. What do others say ...

Entertaining a young audience isn't easy!

Booking an inexperienced entertainer is a risky endeavour and one that you may regret.

A great entertainer will be able to provide references on request from past clients. Be wary of those who cannot or will not give you any references or recommendations. To check out our reviews go to our website.

7. Does the entertainer hold a Blue Card & have insurance ...

This may not be important to all of you but in our industry I feel it is very important to check that your entertainer **holds** a current Blue Card and has Public Liability Insurance.

- All of our Entertainers have current Blue cards, are covered by Indemnity Insurance and have a Declared Pest Permit (for our Bunnies).
